

Wall padding has become an important protective measure in facilities around the world, and RMA's range of 3 systems is intended to give options to facility owners and designers to meet their specific needs.

Stadia Pads (WPST)

- + A premium padding solution using the latest cross linked Neoprene foam 50 mm thick
- + Incorporates fire retardant treatment to meet demanding standards.
- + Rip stop vinyl cover for low abrasion in impact and ease of cleaning
- + Timber backing for strength and no-sag longevity
- + Range of recessed mounting options – concealed nail, screw or removable on channels
- + Meets and exceeds ASTM safety standards
- + 1800 x 600 mm standard size. Can also have custom sizes and fitted corners made on request

PROTECTIVE WALL PADS
