- SMD LED technology 5.9 (pitch: 5.95 mm) black surface.
- Wide viewing angle: 160° (horizontal and vertical).

Structure

- Wall or suspended or video cube installation.

Commercial reference

- 915 926..... 1 video cabinet 500x500mm.
- 915 927..... 1 video cabinet 500x1000mm.

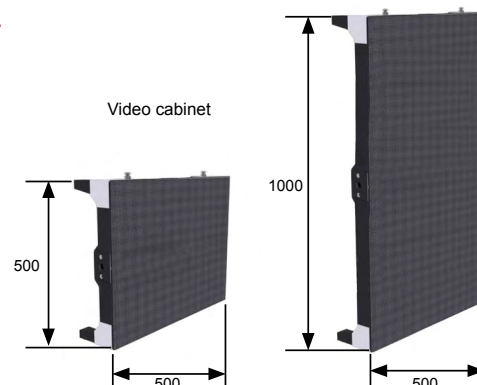

Indoor Video Screen

Main features of video cabinet

	500 x 500 mm	500 x 1000 mm
• LEDs' MTBF.....	100 000 hours.	
• Operating temperature.....	0°C to +40°C.	
• Operating humidity.....	10% to 90% (without condensation).	
• Weight.....	8 kg	14 kg
• Protection index.....	IP40 (side front) and IP21 (side rear).	
• Construction.....	Cabinet aluminum housing.	

Electrical features of video cabinet

	500 x 500 mm	500 x 1000 mm
• Luminosity.....	1 800 cd/m ² .	
• Refresh rate.....	>2000 Hz.	
• Pixel.....	3 in 1 SMD, RGB	
• Pitch.....	5.9 mm.	
• Resolution.....	84x84 pixels	84x168 pixels
• Power supply.....	100-240VAC, 50-60Hz.	
• Max power consumption.....	136 W	272 W

Example of screen with video cabinet 500x500

Area	Nb of cabinets	Dimensions (mm)	Formats	Consumption max. (W)
------	----------------	-----------------	---------	----------------------

10m ²	40 (8x5)	4000 x 2500	16:9	5 440
------------------	----------	-------------	------	-------

40 Video cabinet screen: 10 m²
