

- + Manufactured from a custom-engineered Aluline aluminium extrusion for reduced weight without compromising strength.
- + 72mm diameter post ensures durability and stability.
- + Integrated Posiglide pulley enables smooth, over-the-top net cable placement for optimal tensioning.
- + Dual tension cleat system ensures secure and precise net adjustments.
- + Sleeved installation allows for a clean, professional setup while enabling easy removal and storage when not in use.
- + Anti-rotation mechanism integrated into the custom extrusion profile and tight fitting sleeve for reduced post movement.

ALULINE PICKLEBALL POSTS
