

+ Fixed frame design

+ Powder coated finish

+ Can be anchored to the ground or used with dedicated counted weights

+ 90 mm custom aluminium extrusion

The Portable 3x2m Football Goal FIFAMG32 is a versatile and durable solution designed for football and futsal applications. This portable 3m goal features a 90 mm custom aluminium extrusion and a fixed frame construction, delivering excellent strength while remaining low mass and easy to handle.

Built to official futsal size goal dimensions, this portable 3m by 2m goal is ideal for outdoor use on both natural grass and synthetic surfaces. It can be securely stabilised using FIFA-CW counterweights or the FIFA-GS ground anchor system, ensuring reliable performance during training and matches.

*Requires a FIFA-N32 net to complete the setup
