

Designed for quick and easy deployment, our range of hurdle carts is available in multiple sizes to suit every track. Options range from a 10-hurdle, single-lane dolly, which can be easily deployed and operated by one person, to larger manually or electrically drawn trolleys capable of carrying multiple lanes.

Whatever your training setup, there's an option to meet your needs.

- + Available in different sizes.
- + Durable, non-marking wheels
- + Durable construction

HURDLE TROLLEY
